EXHIBIT CONTRACT RULES & REGULATIONS

CONSTRUCTION, INSTALLATION AND USE OF EXHIBITS

ARRANGEMENT OF EXHIBITS The space provided will be shown on the floor plan insofar as possible, but Management reserves the right to make changes at any time in location, size and display limits of any booth if this is in the best interest of the show or in excess of the Exhibit Site load limits (contact Management for additional information).

Exhibitors agree to arrange their exhibits so as not to obstruct the general view of nor hide other exhibits. A maximum wall height on linear booths is restricted to 2.4m, with a 1.2m height restriction imposed on all materials in the remaining space forward to the aisle. No partitions other than the side rails provided by Management are allowed unless specifically approved in advance. Exhibitors may not project beyond the space allotted and aisles must be kept clear of traffic.

Individual Exhibitors who wish to install and dismantle their own booths can do so if they use company personnel and do not attempt to bring in "pick-up" labor, if they comply with local and state fire, safety and insurance regulations, and if they comply with the rules set by Management.

The decorator is responsible for maintaining in and out traffic schedules at the exhibit site. Even local Exhibitors should clear all movements of exhibit materials through the decorator as they will have priority at the unloading area at all times. Exhibitors may also handle their own freight provided the material can be hand carried to and from the booth via accepted freight entrances, or if transport of large items can be done using two-wheeled hand trucks or four-wheeled mover-type dollies provided by the Exhibitor.

Electrical installation is exclusively managed by the decorator and must conform to regulations and to all national and local codes. Information and order forms will be included in the exhibit service kit provided by the decorator.

USE AND PURPOSE OF EXHIBIT SPACE

RESTRICTIONS The exhibit is scientific and educational; over-the-counter sales during the show are prohibited.

Management may prohibit distribution of souvenirs, advertising matter or anything else it considers objectionable. Distribution elsewhere than from within an exhibitor's booth is forbidden.

No materials may be posted, nailed or otherwise affixed to walls, doors or other surfaces in a way that might deface the premises or booth equipment and furniture. Any damage is payable by the Exhibitor.

Management reserves the right to restrict, reject, prohibit or eject any exhibit, in whole or in part, which because of noise, safety hazards or for other prudent reasons becomes objectionable, if an exhibit or exhibitor is ejected for violation of these rules and regulations, no return of rental shall be made.

DECORATION OF EXHIBITS An exhibit service kit will be provided prior to the conference and exhibition which will include information on labor, drayage, furniture, lighting and electricity. It is the responsibility of the Exhibitor to abide by the regulations and deadlines contained therein. All shipments to the exhibit site should be marked with the Exhibitor's name, booth number, company name, address, phone number and Show name. A complete shipping address will be provided within the exhibit service kit.

FIRE AND ELECTRICAL REGULATIONS All local regulations will be strictly enforced, and the Exhibitor assumes responsibility for compliance with such regulations. All decorations and booth equipment must be fireproofed to meet the requirements of the city Fire Department. Combustible materials shall not be in or around exhibit booths. All packing containers, wrapping materials, and display materials must be removed from the Exhibit Hall.
